

# Sistemas Lineales Inconsistentes (E)

Grafique cada sistema e identifique el sistema inconsistente.

1.  $y = 3$   
 $12x + 5y = -45$

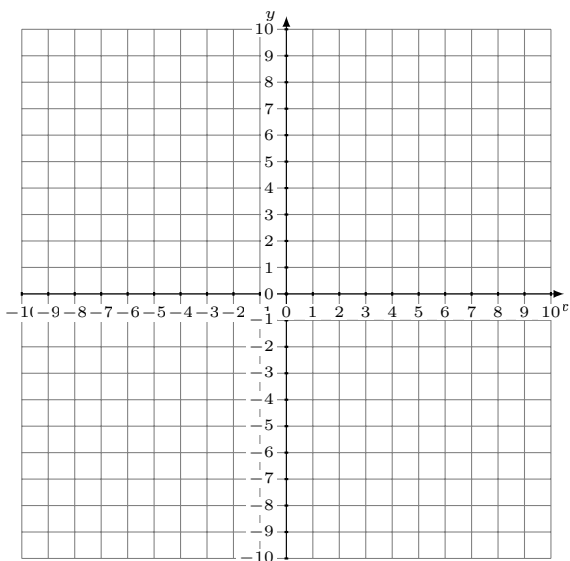

Solución: (----,----)

2.  $3x - 2y = 0$   
 $3x - 2y = -4$

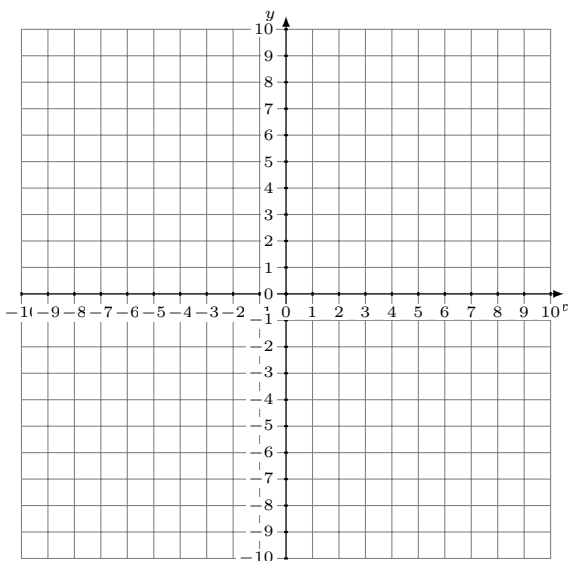

Solución: (----,----)

3.  $4x - 3y = 27$   
 $x - y = 6$

Solución: (----,----)

4.  $3x - y = -2$   
 $14x - y = 9$

Solución: (----,----)
