

Modelos de Fracciones Equivalentes (A)

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

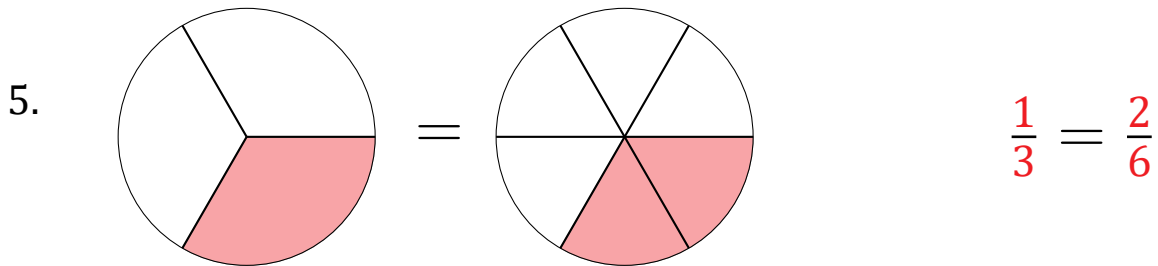

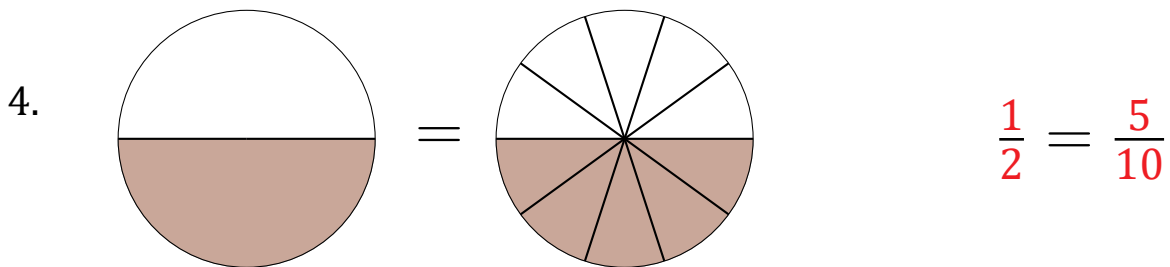

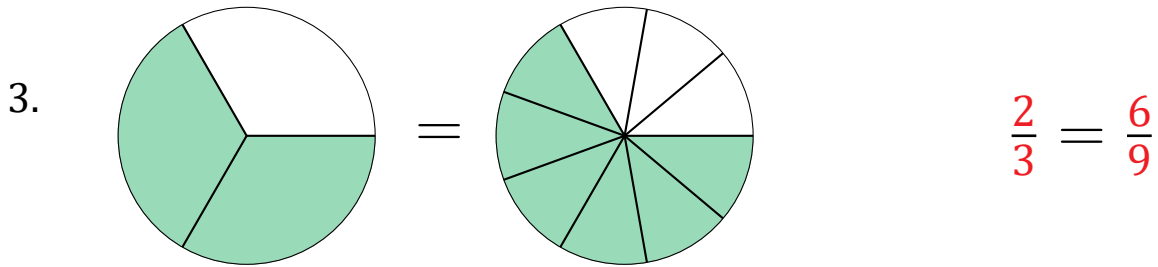

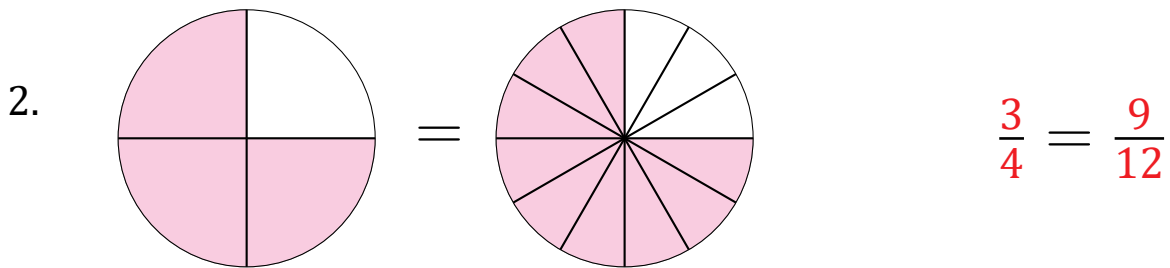

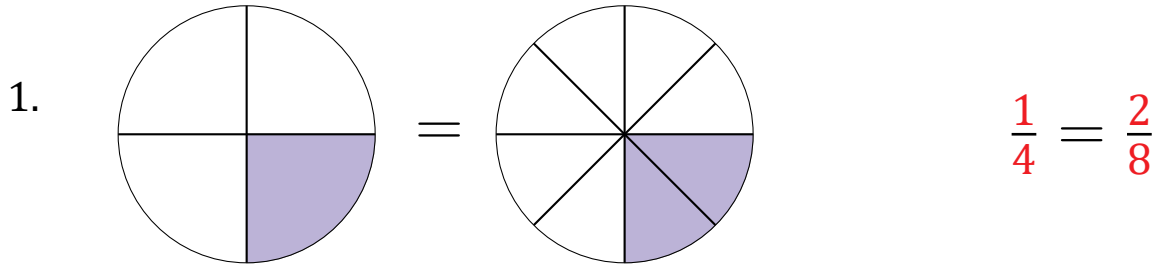

Modelos de Fracciones Equivalentes (A) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

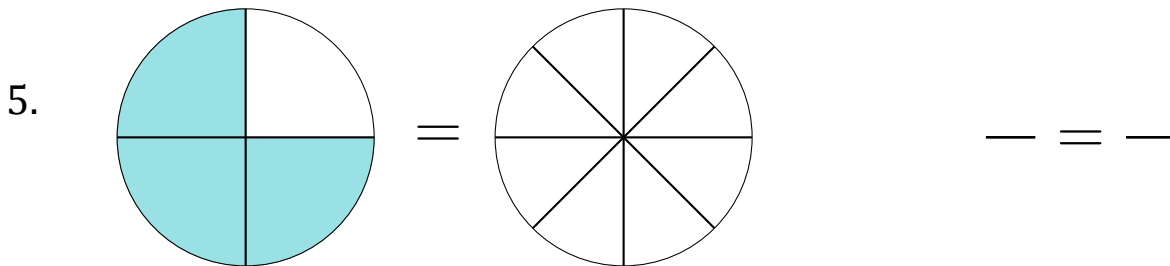

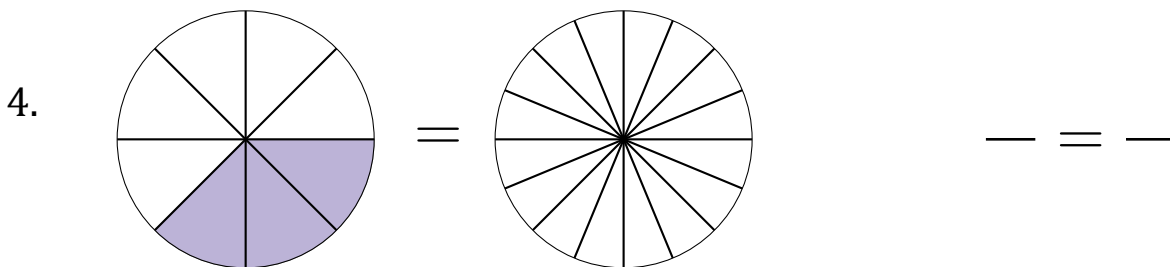

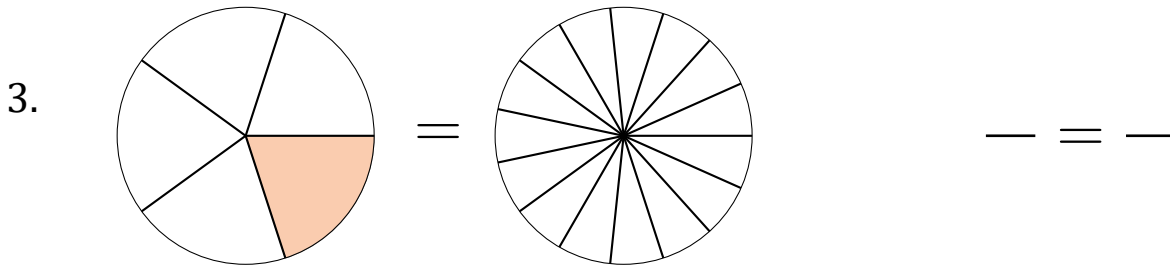

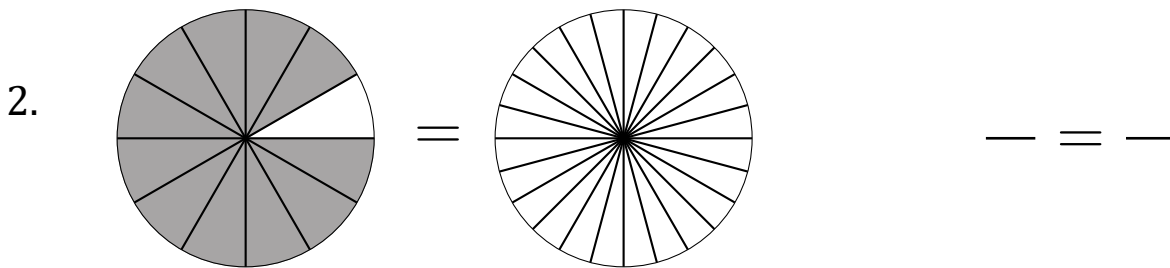

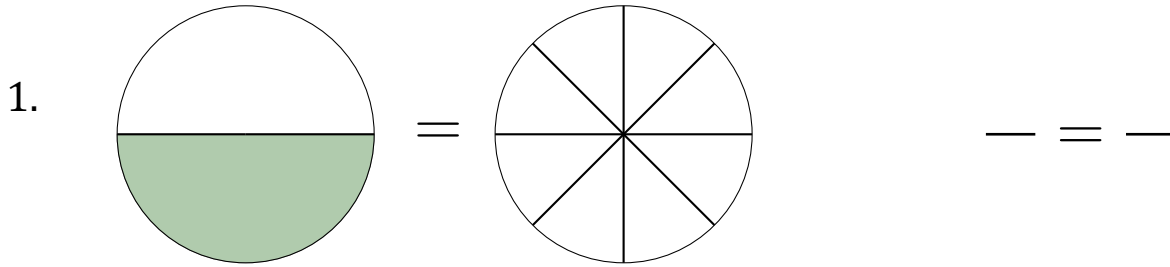

Modelos de Fracciones Equivalentes (B)

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

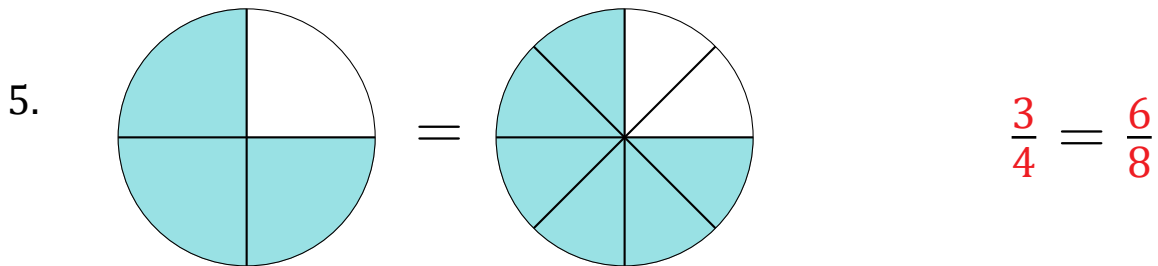

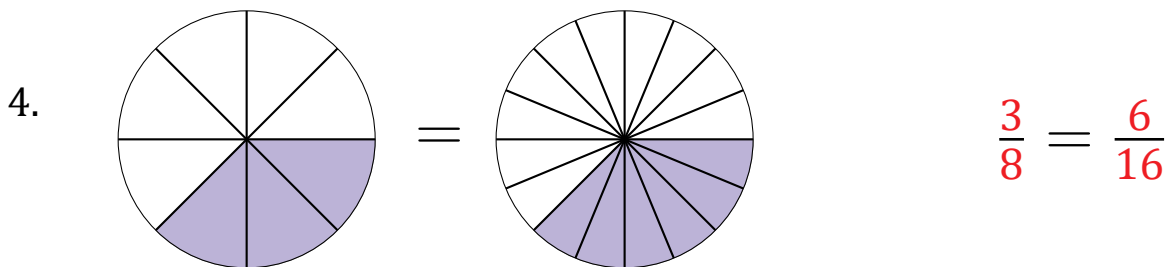

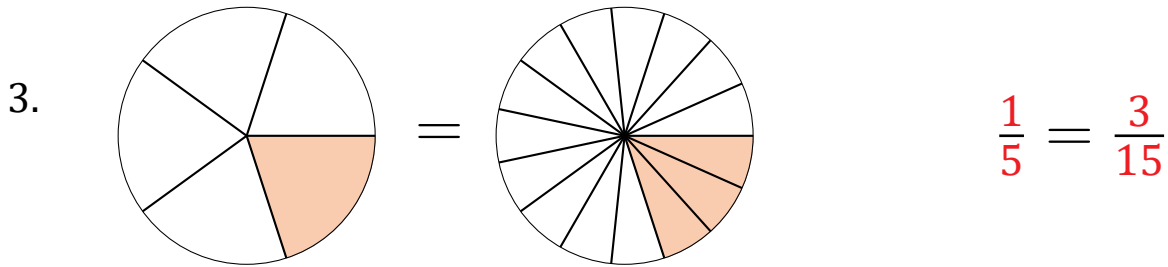

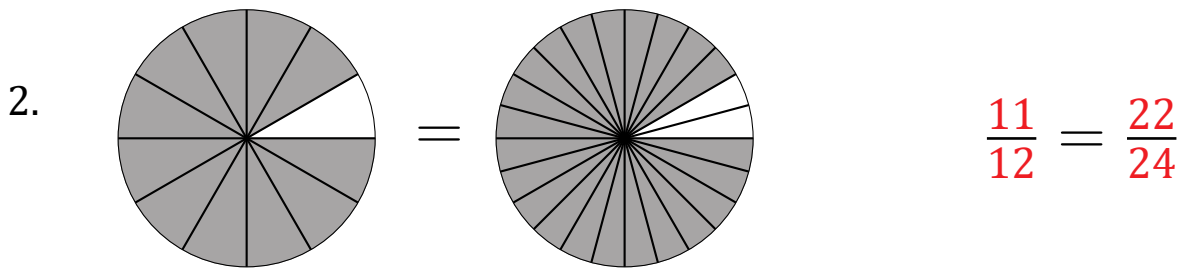

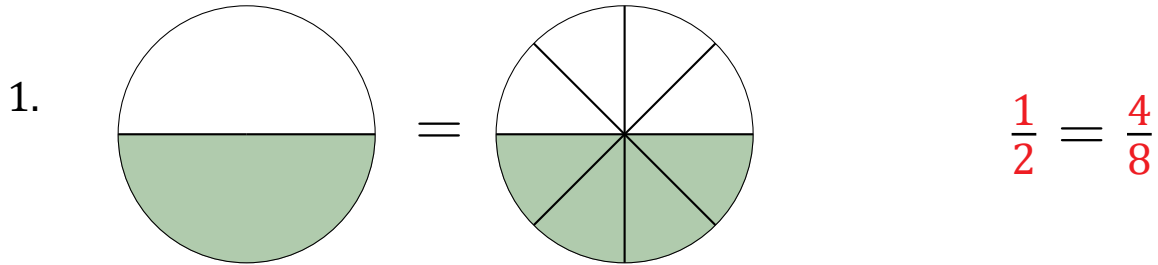

Modelos de Fracciones Equivalentes (B) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

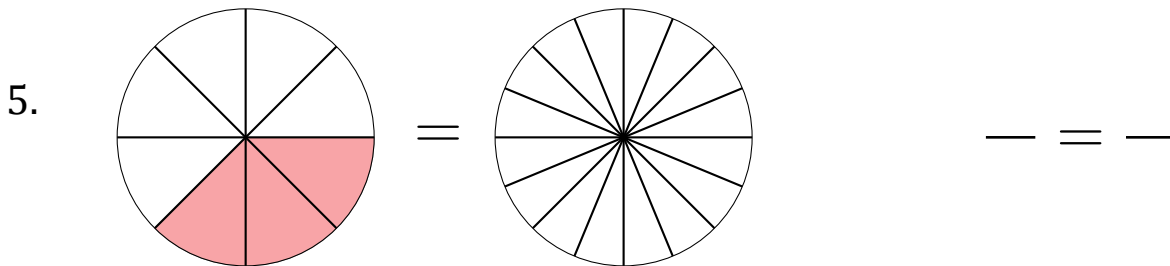

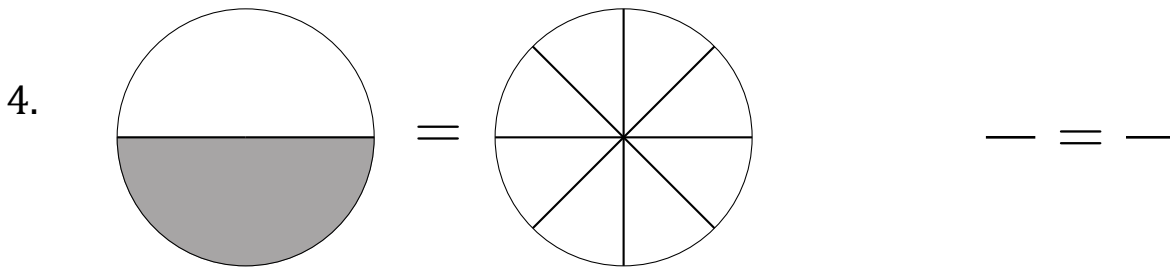

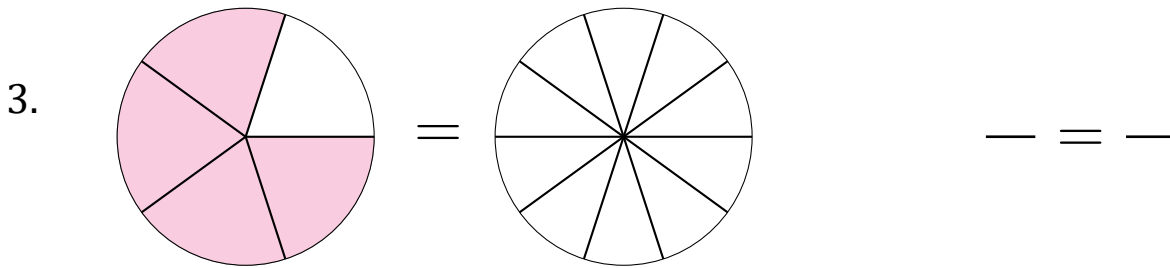

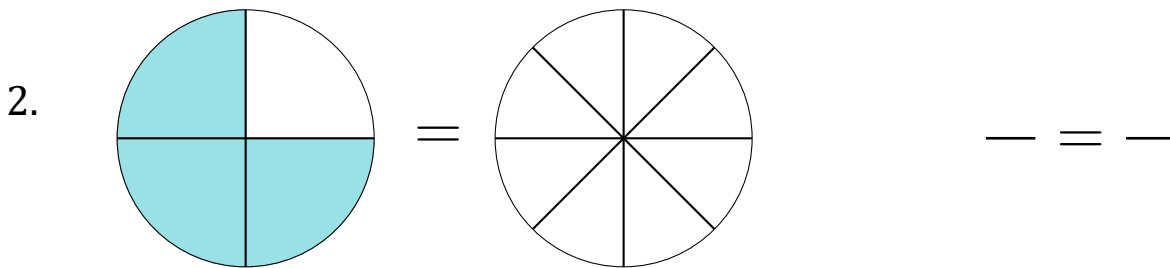

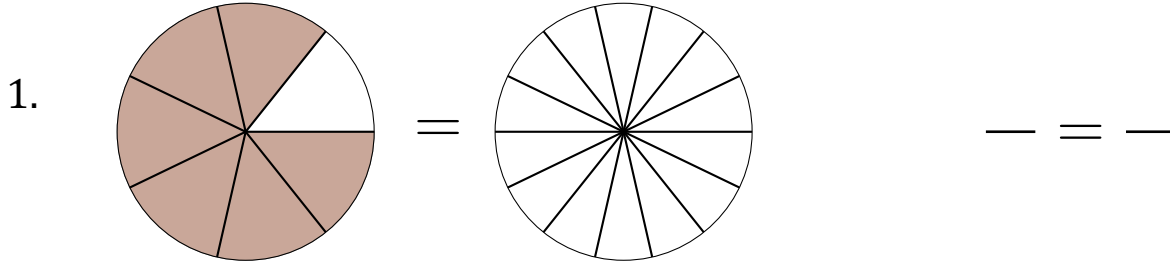

Modelos de Fracciones Equivalentes (C)

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

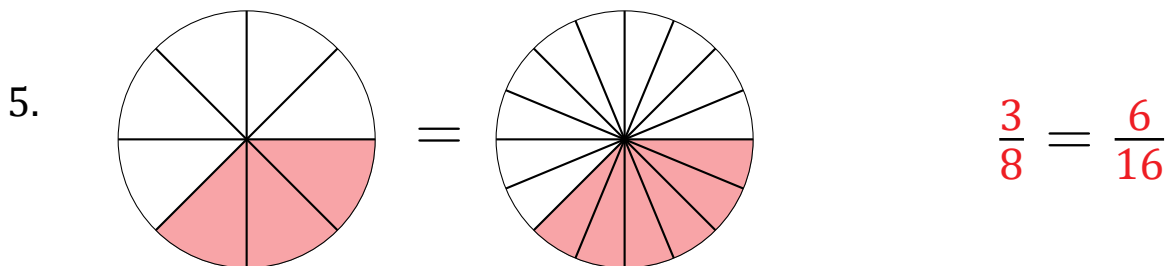

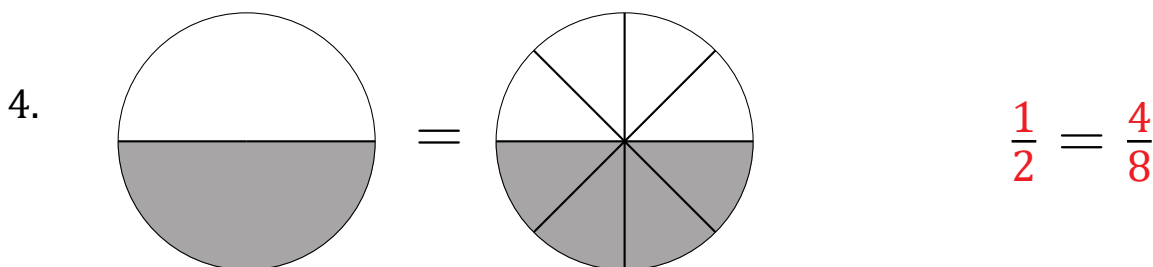

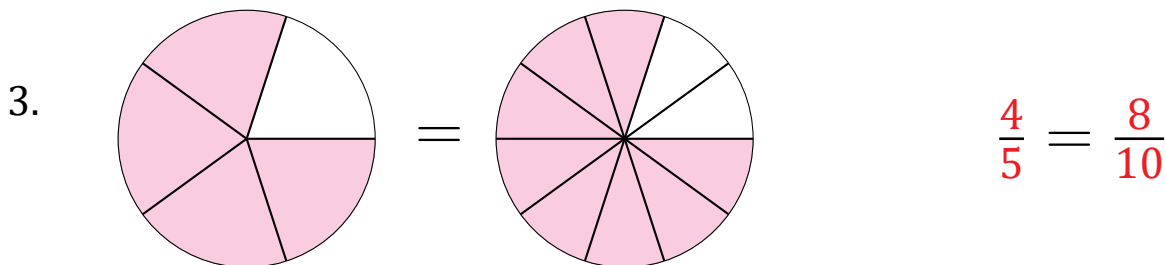

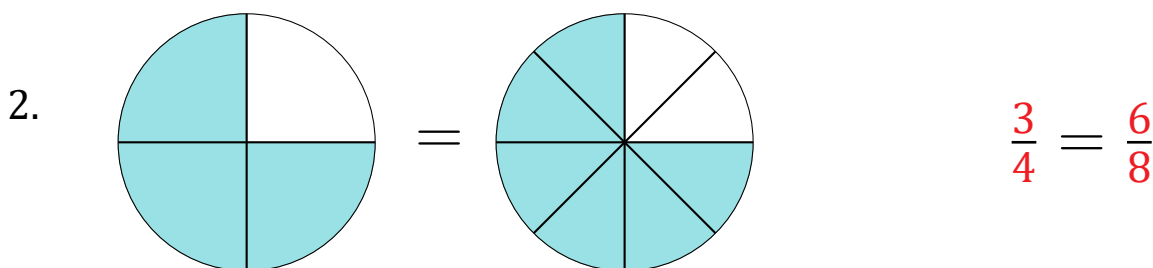

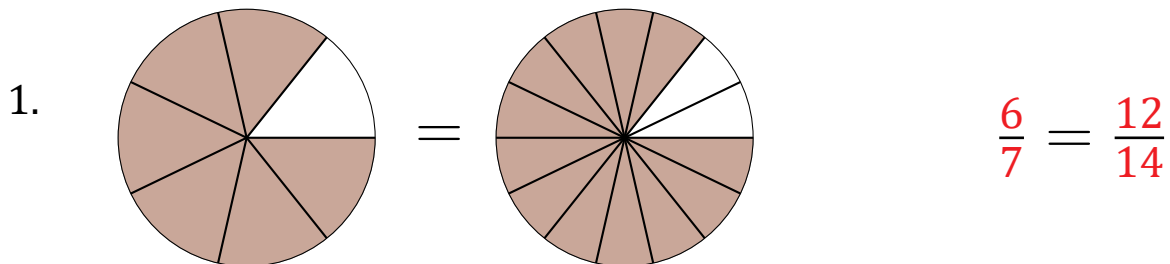

Modelos de Fracciones Equivalentes (C) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

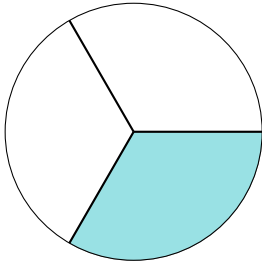

Modelos de Fracciones Equivalentes (D)

Nombre: _____

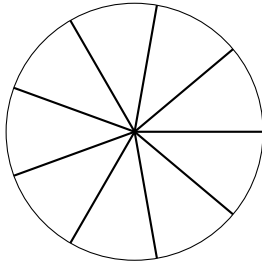

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

Modelos de Fracciones Equivalentes (D) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

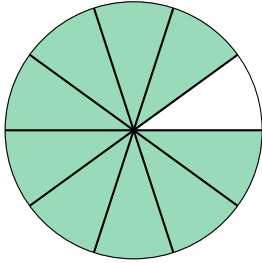

Modelos de Fracciones Equivalentes (E)

Nombre: _____

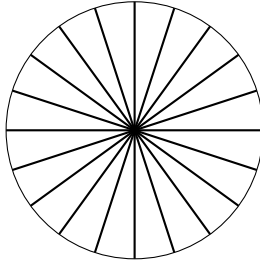

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

Modelos de Fracciones Equivalentes (E) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

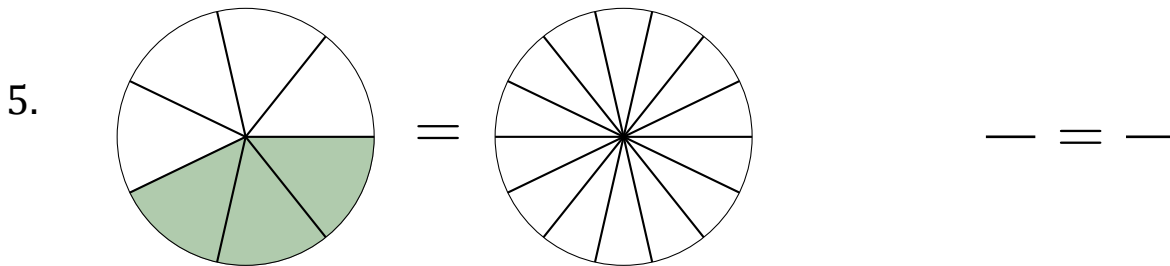

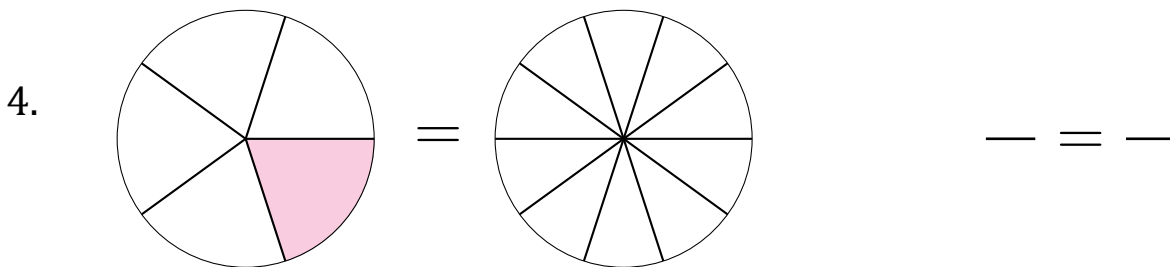

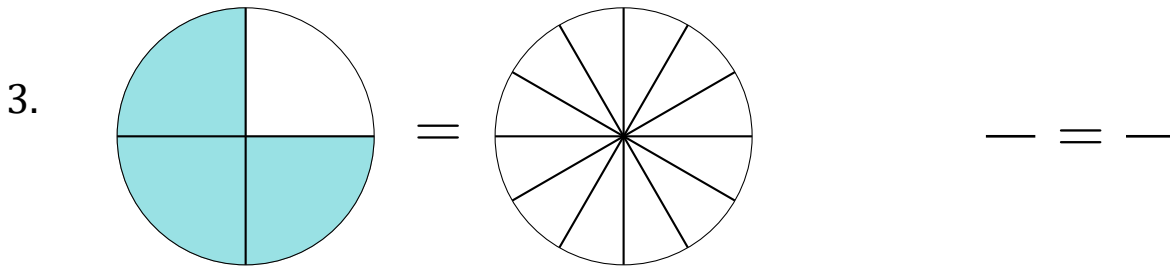

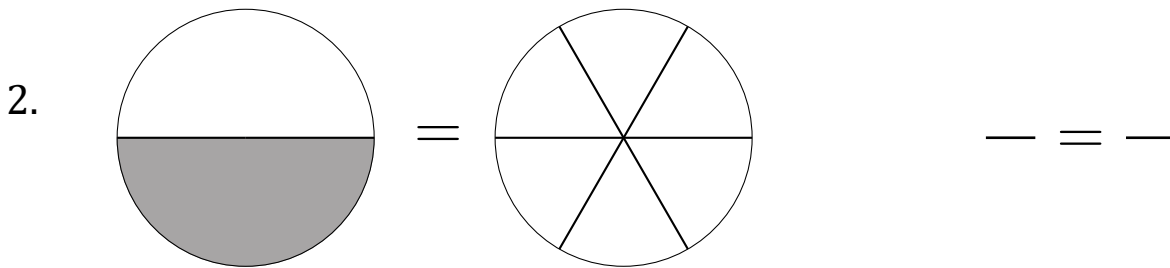

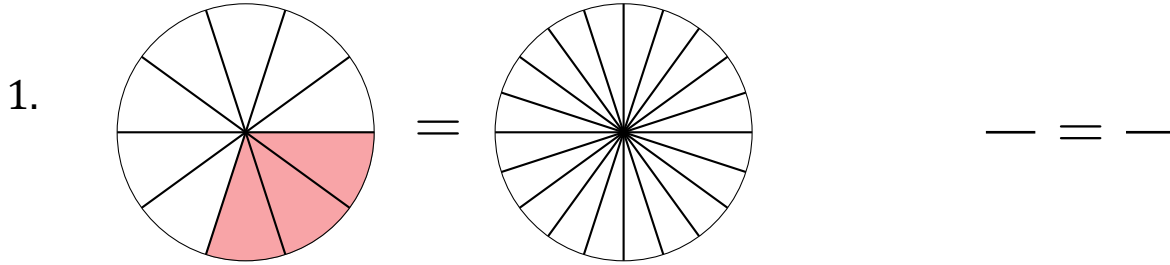

Modelos de Fracciones Equivalentes (F)

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

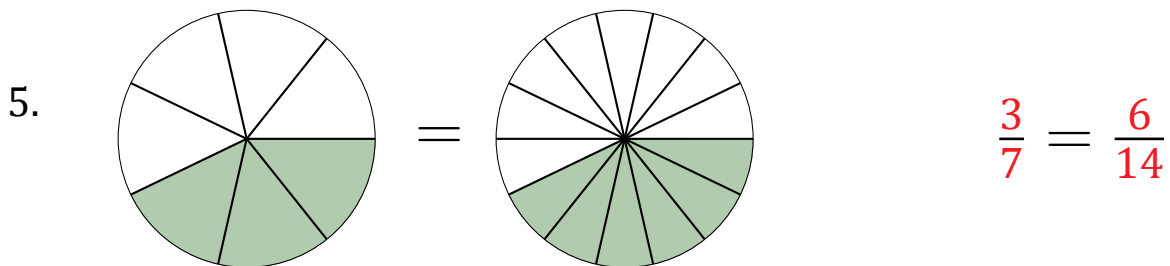

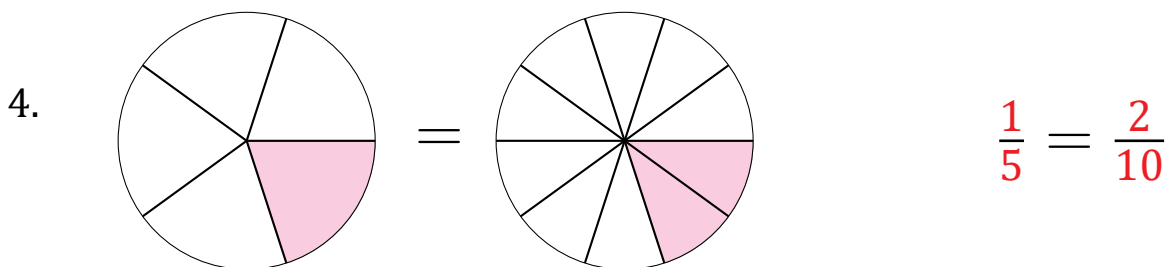

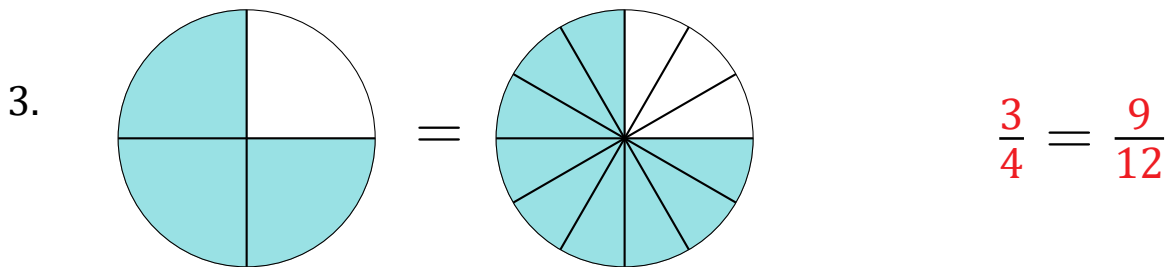

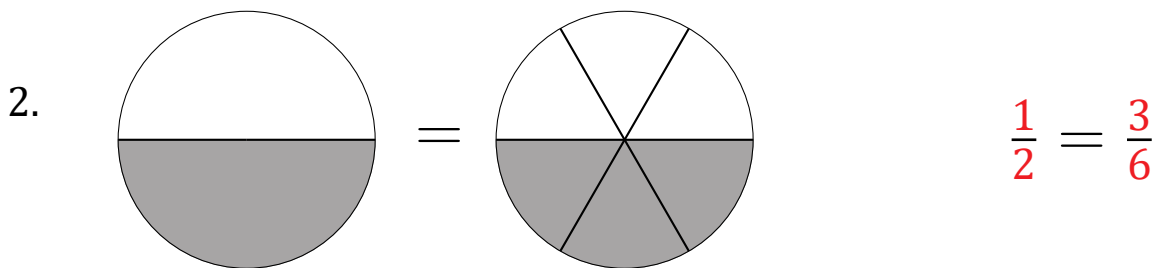

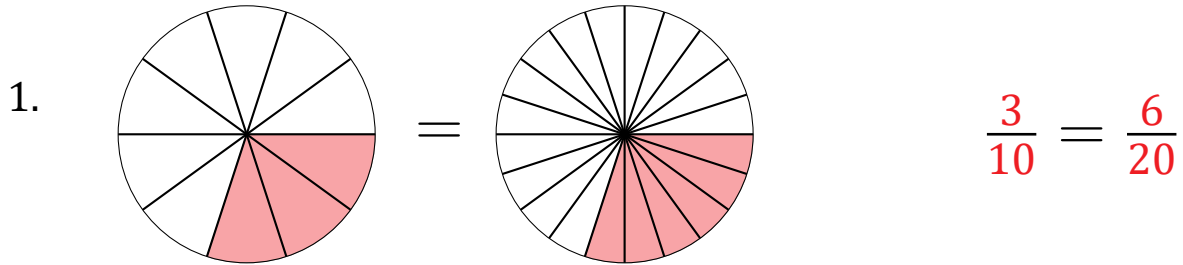

Modelos de Fracciones Equivalentes (F) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

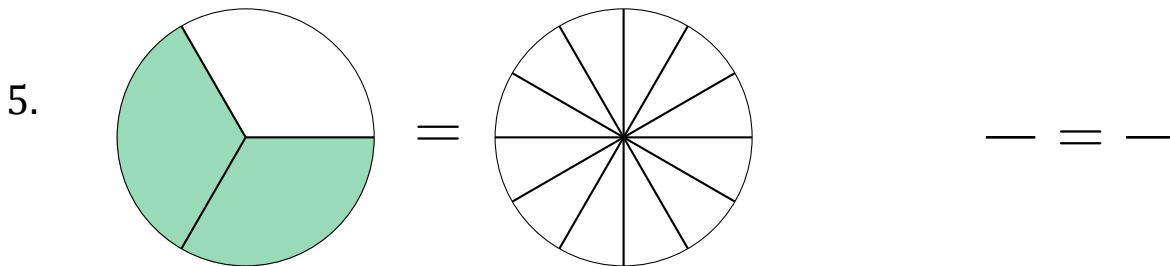

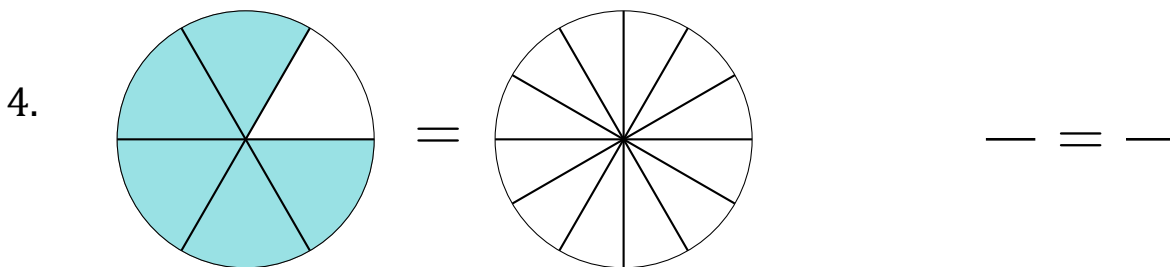

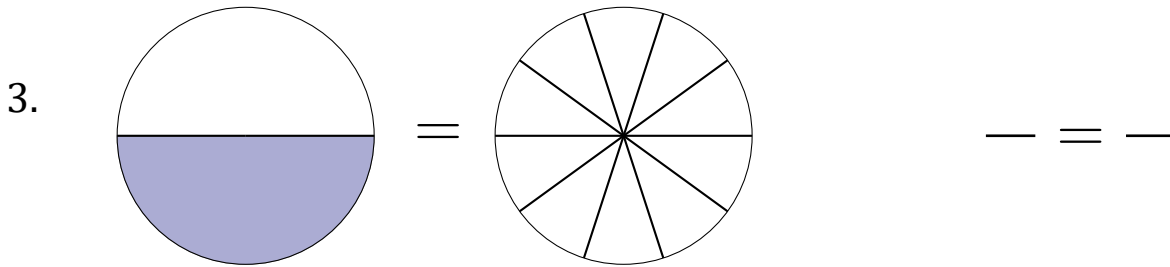

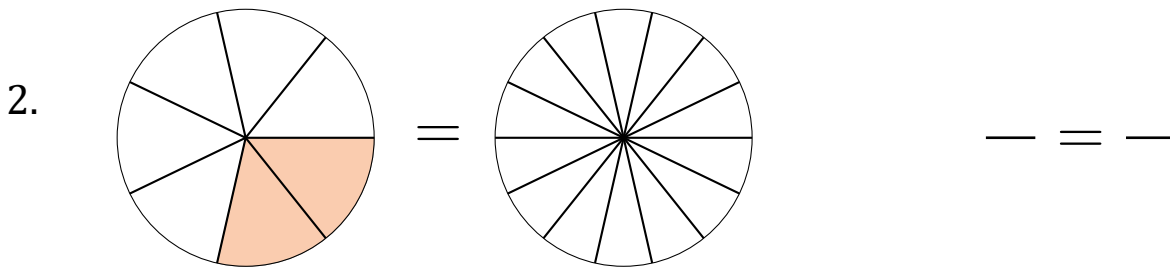

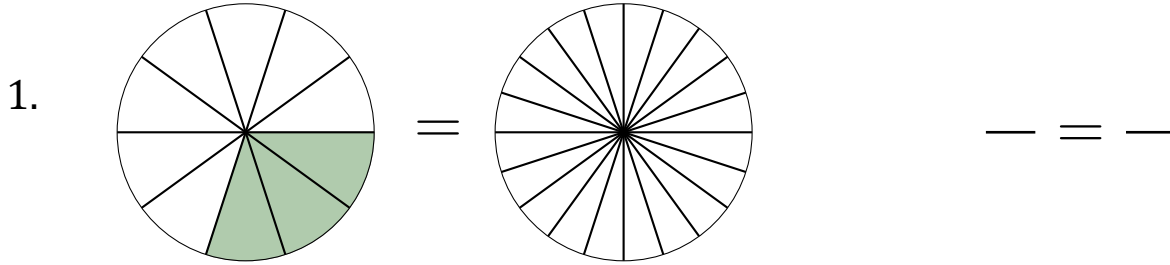

Modelos de Fracciones Equivalentes (G)

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

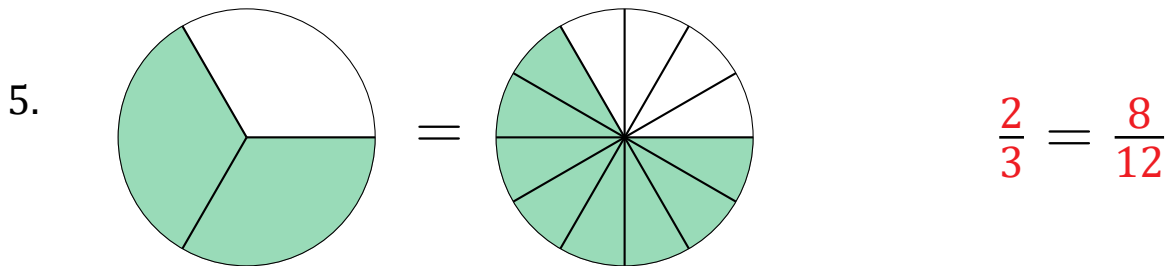

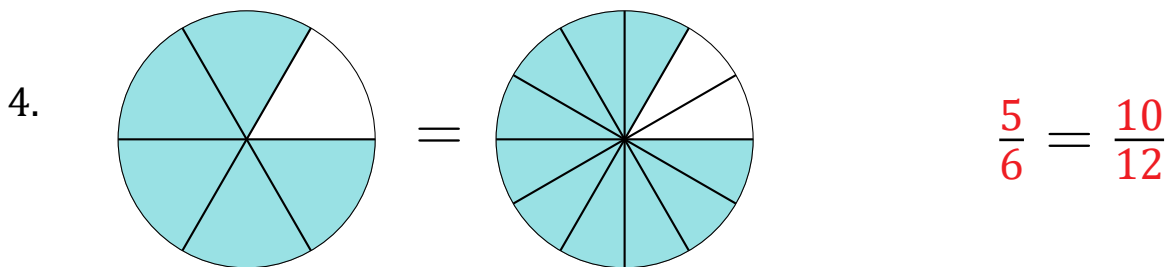

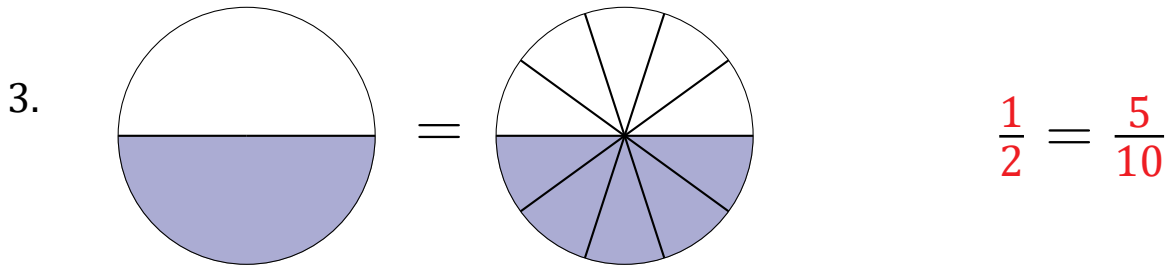

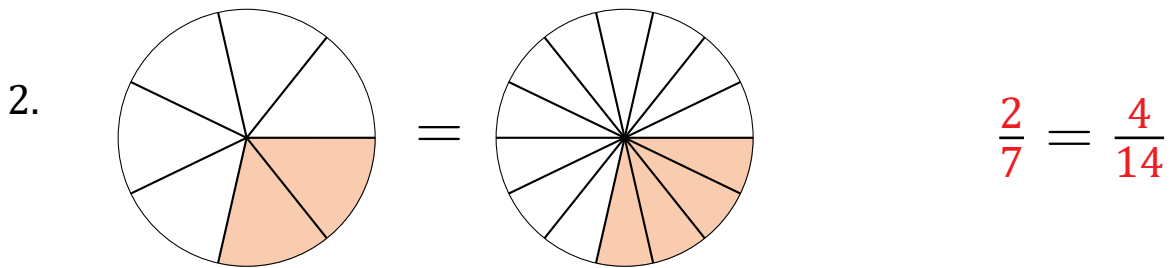

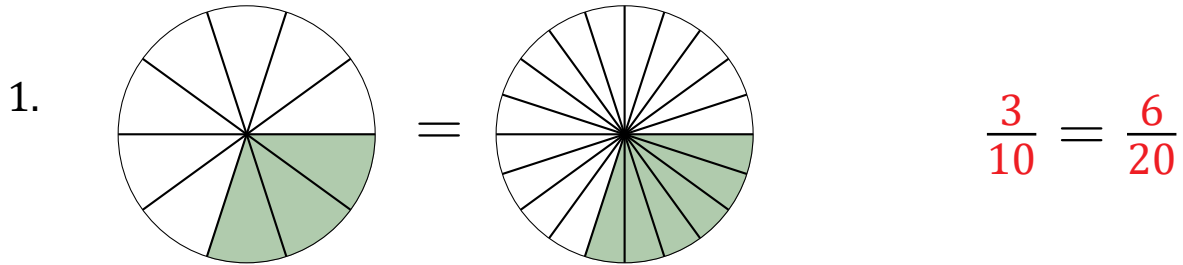

Modelos de Fracciones Equivalentes (G) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

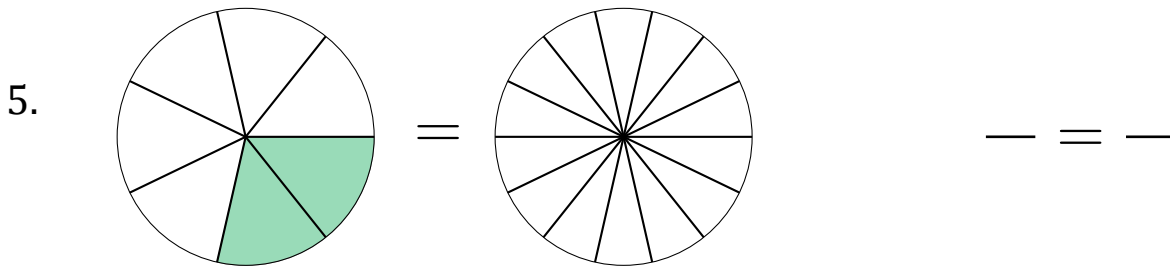

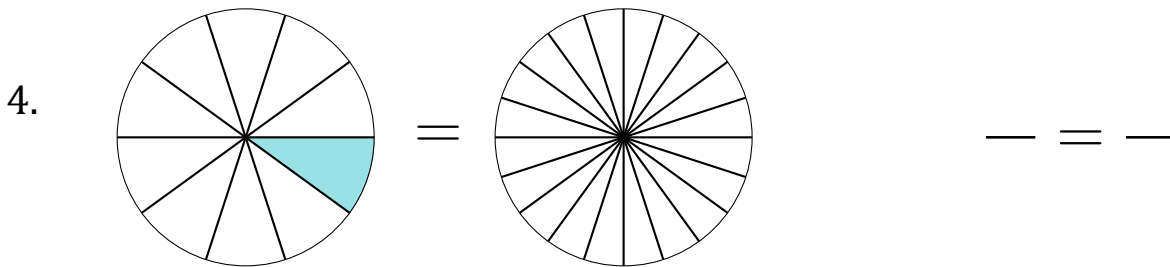

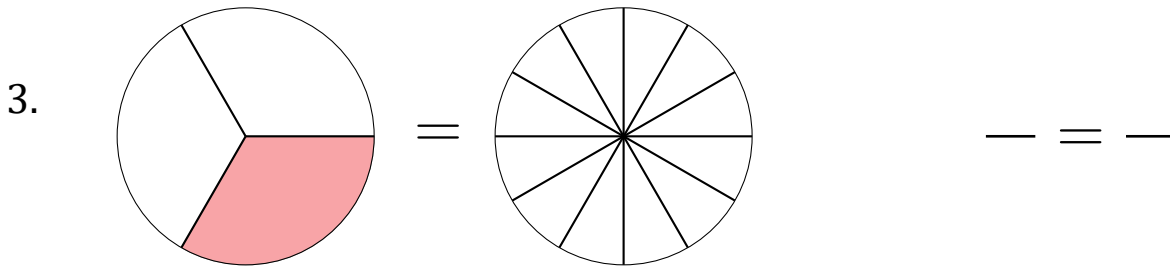

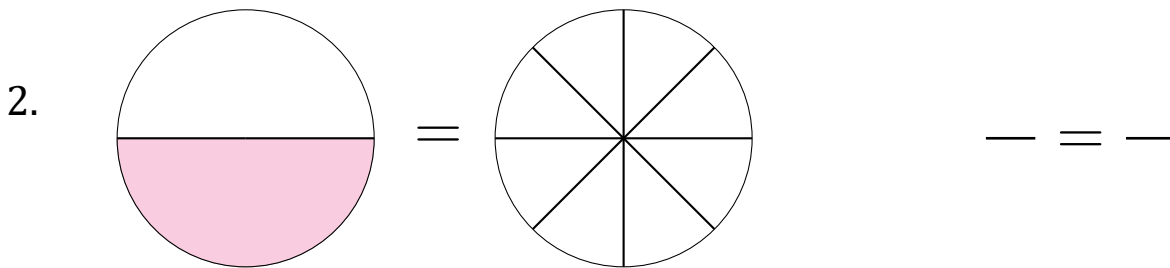

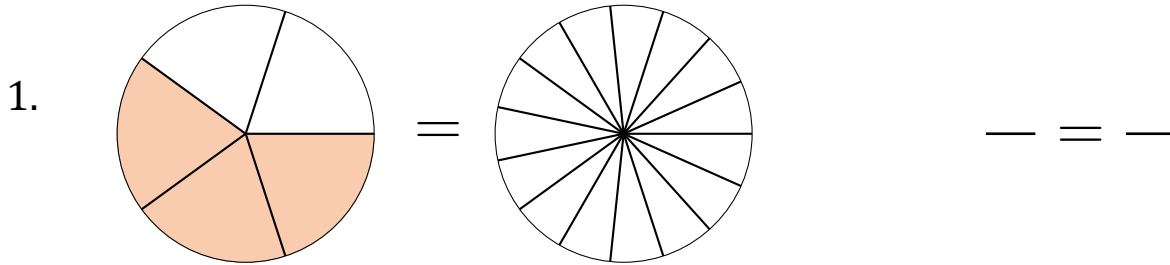

Modelos de Fracciones Equivalentes (H)

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

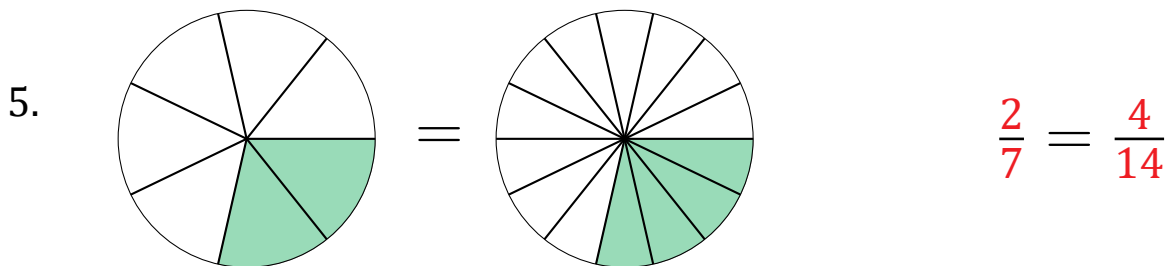

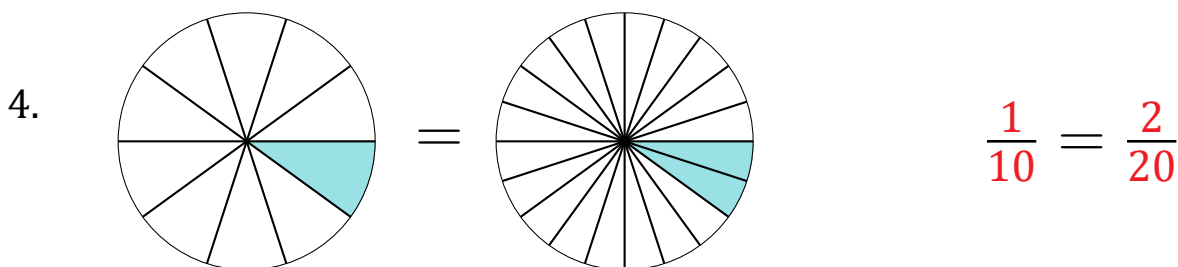

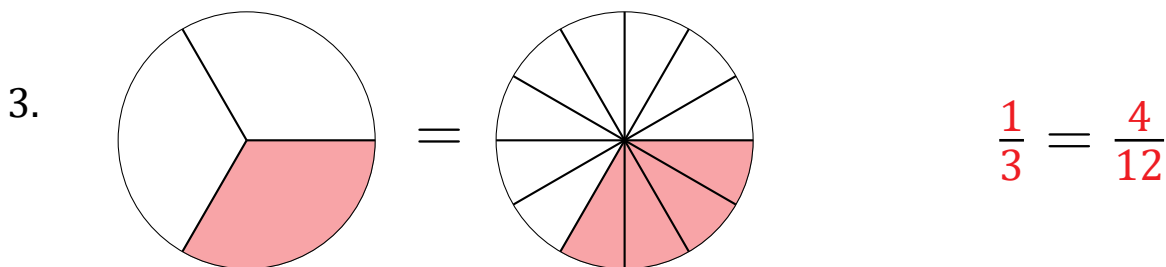

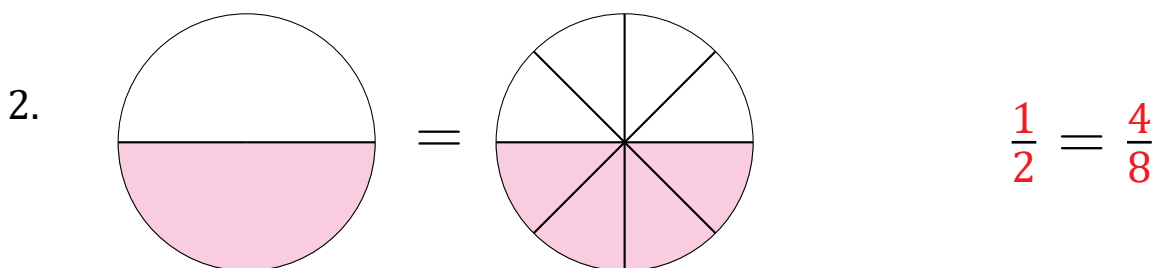

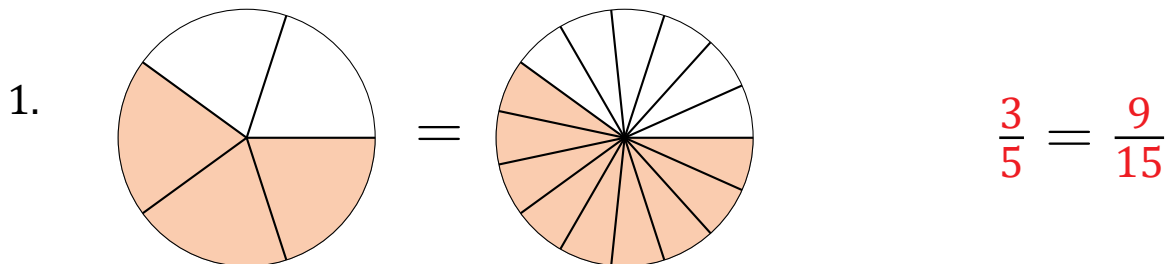

Modelos de Fracciones Equivalentes (H) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

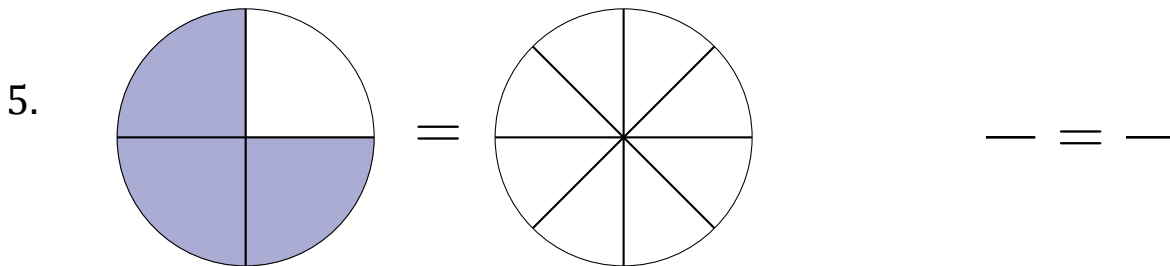

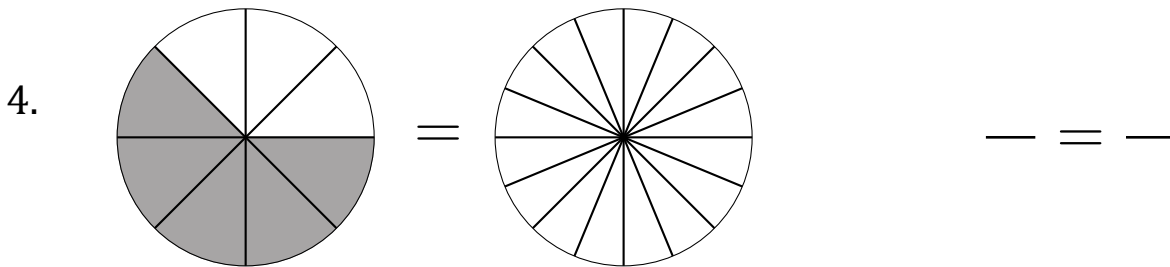

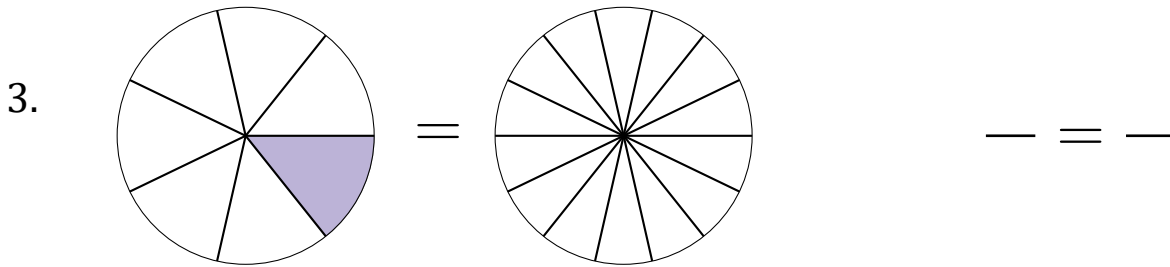

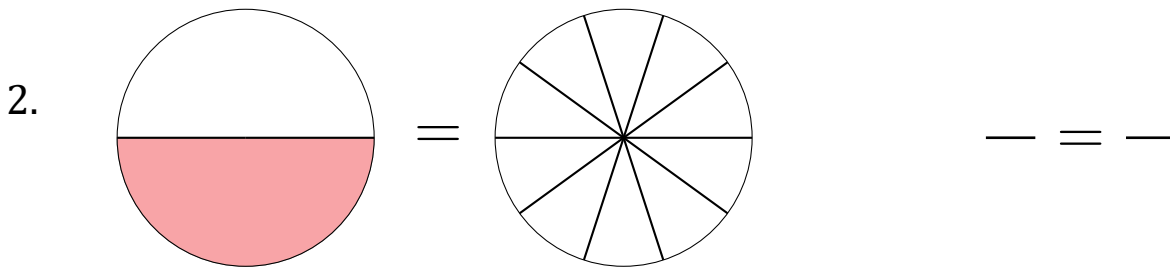

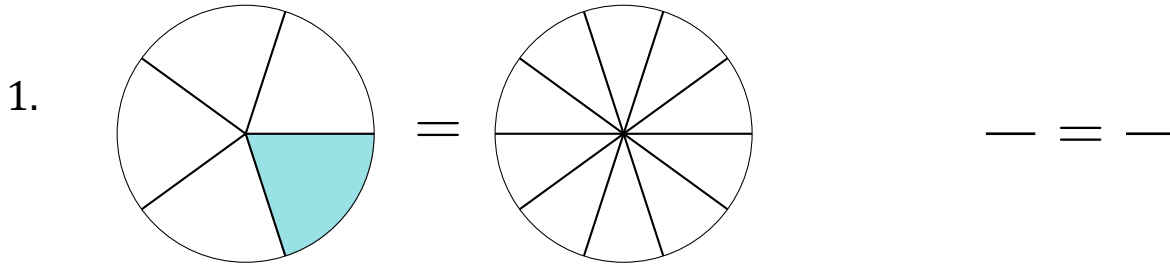

Modelos de Fracciones Equivalentes (I)

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

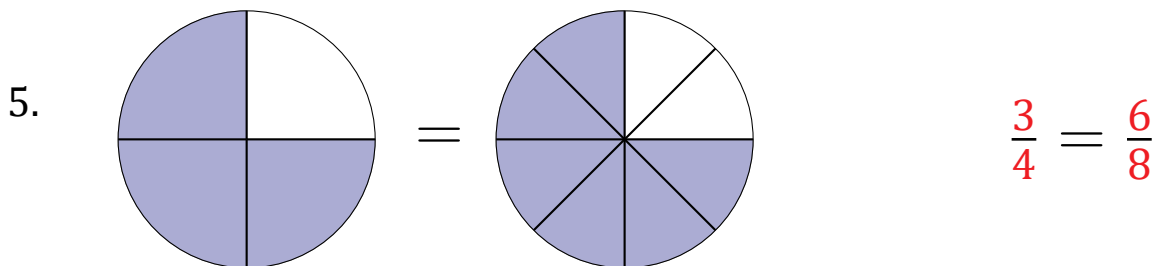

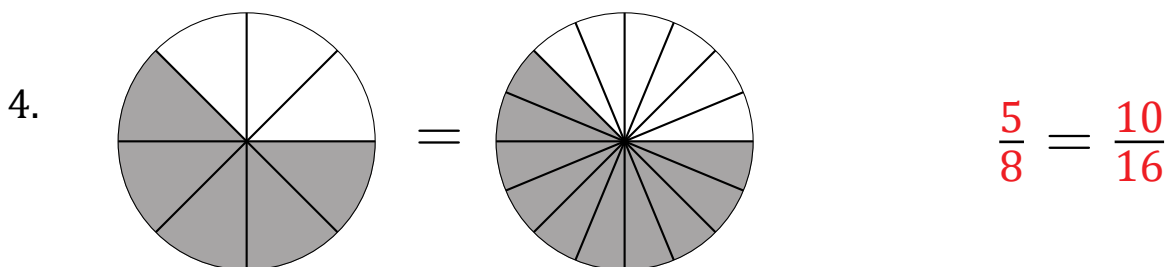

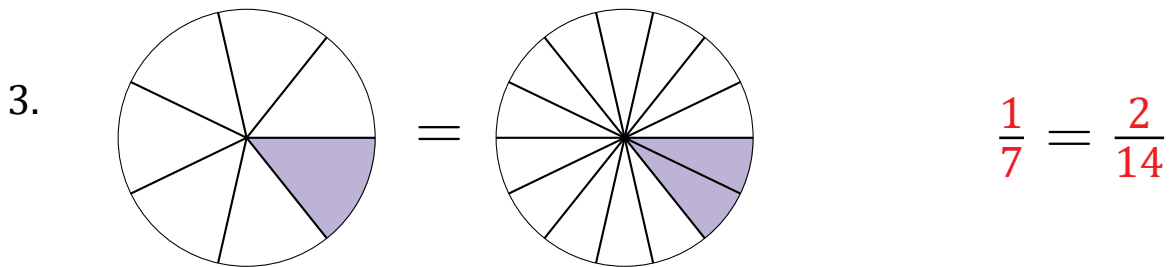

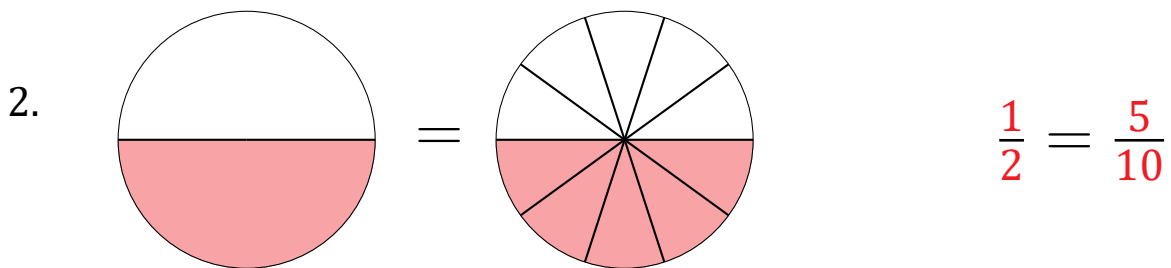

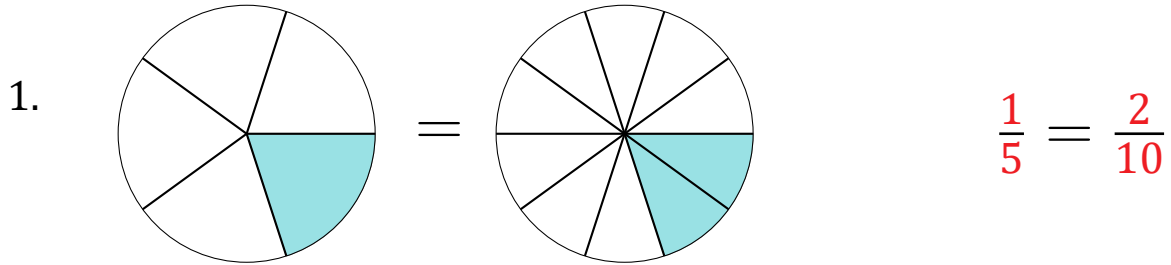

Modelos de Fracciones Equivalentes (I) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

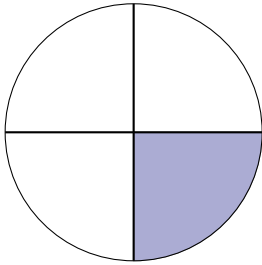

Modelos de Fracciones Equivalentes (J)

Nombre: _____

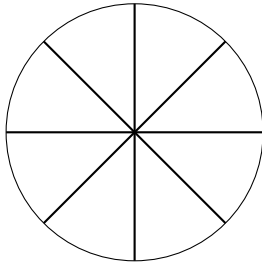

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.

Modelos de Fracciones Equivalentes (J) Respuestas

Nombre: _____

Fecha: _____

Coloreen el segundo modelo exactamente de la misma manera, y determinen las fracciones equivalentes.
