

Multiplicar Dobles (A)

Halle el producto de cada número por sí mismo.

$20 \times 20 = \underline{\hspace{2cm}}$

$8 \times 8 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$1 \times 1 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$5 \times 5 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$6 \times 6 = \underline{\hspace{2cm}}$

$7 \times 7 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$3 \times 3 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$2 \times 2 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$10 \times 10 = \underline{\hspace{2cm}}$

Multiplicar Dobles (A) Respuestas

Halle el producto de cada número por sí mismo.

$20 \times 20 = \underline{400}$

$8 \times 8 = \underline{64}$

$12 \times 12 = \underline{144}$

$1 \times 1 = \underline{1}$

$14 \times 14 = \underline{196}$

$17 \times 17 = \underline{289}$

$5 \times 5 = \underline{25}$

$11 \times 11 = \underline{121}$

$16 \times 16 = \underline{256}$

$18 \times 18 = \underline{324}$

$6 \times 6 = \underline{36}$

$7 \times 7 = \underline{49}$

$13 \times 13 = \underline{169}$

$14 \times 14 = \underline{196}$

$20 \times 20 = \underline{400}$

$19 \times 19 = \underline{361}$

$17 \times 17 = \underline{289}$

$3 \times 3 = \underline{9}$

$15 \times 15 = \underline{225}$

$15 \times 15 = \underline{225}$

$13 \times 13 = \underline{169}$

$4 \times 4 = \underline{16}$

$11 \times 11 = \underline{121}$

$19 \times 19 = \underline{361}$

$18 \times 18 = \underline{324}$

$2 \times 2 = \underline{4}$

$9 \times 9 = \underline{81}$

$16 \times 16 = \underline{256}$

$12 \times 12 = \underline{144}$

$10 \times 10 = \underline{100}$

Multiplicar Dobles (B)

Halle el producto de cada número por sí mismo.

$13 \times 13 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$10 \times 10 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$3 \times 3 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$6 \times 6 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$7 \times 7 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$5 \times 5 = \underline{\hspace{2cm}}$

$1 \times 1 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$8 \times 8 = \underline{\hspace{2cm}}$

$2 \times 2 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

Multiplicar Dobles (B) Respuestas

Halle el producto de cada número por sí mismo.

$13 \times 13 = \underline{169}$

$12 \times 12 = \underline{144}$

$4 \times 4 = \underline{16}$

$19 \times 19 = \underline{361}$

$20 \times 20 = \underline{400}$

$10 \times 10 = \underline{100}$

$14 \times 14 = \underline{196}$

$11 \times 11 = \underline{121}$

$13 \times 13 = \underline{169}$

$16 \times 16 = \underline{256}$

$11 \times 11 = \underline{121}$

$15 \times 15 = \underline{225}$

$15 \times 15 = \underline{225}$

$3 \times 3 = \underline{9}$

$18 \times 18 = \underline{324}$

$6 \times 6 = \underline{36}$

$14 \times 14 = \underline{196}$

$20 \times 20 = \underline{400}$

$9 \times 9 = \underline{81}$

$12 \times 12 = \underline{144}$

$7 \times 7 = \underline{49}$

$16 \times 16 = \underline{256}$

$17 \times 17 = \underline{289}$

$5 \times 5 = \underline{25}$

$1 \times 1 = \underline{1}$

$17 \times 17 = \underline{289}$

$19 \times 19 = \underline{361}$

$8 \times 8 = \underline{64}$

$2 \times 2 = \underline{4}$

$18 \times 18 = \underline{324}$

Multiplicar Dobles (C)

Halle el producto de cada número por sí mismo.

$20 \times 20 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$8 \times 8 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$1 \times 1 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$10 \times 10 = \underline{\hspace{2cm}}$

$6 \times 6 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

$2 \times 2 = \underline{\hspace{2cm}}$

$3 \times 3 = \underline{\hspace{2cm}}$

$5 \times 5 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$7 \times 7 = \underline{\hspace{2cm}}$

Multiplicar Dobles (C) Respuestas

Halle el producto de cada número por sí mismo.

$20 \times 20 = \underline{400}$

$18 \times 18 = \underline{324}$

$19 \times 19 = \underline{361}$

$17 \times 17 = \underline{289}$

$15 \times 15 = \underline{225}$

$12 \times 12 = \underline{144}$

$14 \times 14 = \underline{196}$

$13 \times 13 = \underline{169}$

$8 \times 8 = \underline{64}$

$9 \times 9 = \underline{81}$

$1 \times 1 = \underline{1}$

$13 \times 13 = \underline{169}$

$15 \times 15 = \underline{225}$

$10 \times 10 = \underline{100}$

$6 \times 6 = \underline{36}$

$16 \times 16 = \underline{256}$

$19 \times 19 = \underline{361}$

$17 \times 17 = \underline{289}$

$20 \times 20 = \underline{400}$

$14 \times 14 = \underline{196}$

$12 \times 12 = \underline{144}$

$11 \times 11 = \underline{121}$

$16 \times 16 = \underline{256}$

$4 \times 4 = \underline{16}$

$2 \times 2 = \underline{4}$

$3 \times 3 = \underline{9}$

$5 \times 5 = \underline{25}$

$18 \times 18 = \underline{324}$

$11 \times 11 = \underline{121}$

$7 \times 7 = \underline{49}$

Multiplicar Dobles (D)

Halle el producto de cada número por sí mismo.

$2 \times 2 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$3 \times 3 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$7 \times 7 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$10 \times 10 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$6 \times 6 = \underline{\hspace{2cm}}$

$1 \times 1 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$5 \times 5 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$8 \times 8 = \underline{\hspace{2cm}}$

Multiplicar Dobles (D) Respuestas

Halle el producto de cada número por sí mismo.

$2 \times 2 = \underline{4}$

$19 \times 19 = \underline{361}$

$11 \times 11 = \underline{121}$

$3 \times 3 = \underline{9}$

$15 \times 15 = \underline{225}$

$7 \times 7 = \underline{49}$

$14 \times 14 = \underline{196}$

$13 \times 13 = \underline{169}$

$14 \times 14 = \underline{196}$

$17 \times 17 = \underline{289}$

$18 \times 18 = \underline{324}$

$10 \times 10 = \underline{100}$

$13 \times 13 = \underline{169}$

$17 \times 17 = \underline{289}$

$12 \times 12 = \underline{144}$

$9 \times 9 = \underline{81}$

$16 \times 16 = \underline{256}$

$20 \times 20 = \underline{400}$

$4 \times 4 = \underline{16}$

$18 \times 18 = \underline{324}$

$16 \times 16 = \underline{256}$

$12 \times 12 = \underline{144}$

$11 \times 11 = \underline{121}$

$6 \times 6 = \underline{36}$

$1 \times 1 = \underline{1}$

$19 \times 19 = \underline{361}$

$20 \times 20 = \underline{400}$

$5 \times 5 = \underline{25}$

$15 \times 15 = \underline{225}$

$8 \times 8 = \underline{64}$

Multiplicar Dobles (E)

Halle el producto de cada número por sí mismo.

$12 \times 12 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$10 \times 10 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$2 \times 2 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

Multiplicar Dobles (H) Respuestas

Halle el producto de cada número por sí mismo.

$10 \times 10 = \underline{100}$

$8 \times 8 = \underline{64}$

$17 \times 17 = \underline{289}$

$18 \times 18 = \underline{324}$

$14 \times 14 = \underline{196}$

$16 \times 16 = \underline{256}$

$11 \times 11 = \underline{121}$

$15 \times 15 = \underline{225}$

$6 \times 6 = \underline{36}$

$18 \times 18 = \underline{324}$

$13 \times 13 = \underline{169}$

$20 \times 20 = \underline{400}$

$11 \times 11 = \underline{121}$

$12 \times 12 = \underline{144}$

$1 \times 1 = \underline{1}$

$3 \times 3 = \underline{9}$

$7 \times 7 = \underline{49}$

$12 \times 12 = \underline{144}$

$5 \times 5 = \underline{25}$

$15 \times 15 = \underline{225}$

$17 \times 17 = \underline{289}$

$9 \times 9 = \underline{81}$

$19 \times 19 = \underline{361}$

$2 \times 2 = \underline{4}$

$20 \times 20 = \underline{400}$

$19 \times 19 = \underline{361}$

$13 \times 13 = \underline{169}$

$14 \times 14 = \underline{196}$

$16 \times 16 = \underline{256}$

$4 \times 4 = \underline{16}$

Multiplicar Dobles (I)

Halle el producto de cada número por sí mismo.

$16 \times 16 = \underline{\hspace{2cm}}$

$6 \times 6 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$2 \times 2 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$8 \times 8 = \underline{\hspace{2cm}}$

$1 \times 1 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$13 \times 13 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$12 \times 12 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

$10 \times 10 = \underline{\hspace{2cm}}$

$7 \times 7 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$5 \times 5 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$3 \times 3 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$19 \times 19 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

Multiplicar Dobles (I) Respuestas

Halle el producto de cada número por sí mismo.

$16 \times 16 = \underline{256}$

$6 \times 6 = \underline{36}$

$12 \times 12 = \underline{144}$

$11 \times 11 = \underline{121}$

$11 \times 11 = \underline{121}$

$2 \times 2 = \underline{4}$

$17 \times 17 = \underline{289}$

$16 \times 16 = \underline{256}$

$9 \times 9 = \underline{81}$

$8 \times 8 = \underline{64}$

$1 \times 1 = \underline{1}$

$18 \times 18 = \underline{324}$

$13 \times 13 = \underline{169}$

$13 \times 13 = \underline{169}$

$20 \times 20 = \underline{400}$

$19 \times 19 = \underline{361}$

$17 \times 17 = \underline{289}$

$12 \times 12 = \underline{144}$

$18 \times 18 = \underline{324}$

$4 \times 4 = \underline{16}$

$10 \times 10 = \underline{100}$

$7 \times 7 = \underline{49}$

$20 \times 20 = \underline{400}$

$5 \times 5 = \underline{25}$

$14 \times 14 = \underline{196}$

$15 \times 15 = \underline{225}$

$3 \times 3 = \underline{9}$

$15 \times 15 = \underline{225}$

$19 \times 19 = \underline{361}$

$14 \times 14 = \underline{196}$

Multiplicar Dobles (J)

Halle el producto de cada número por sí mismo.

$8 \times 8 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$17 \times 17 = \underline{\hspace{2cm}}$

$7 \times 7 = \underline{\hspace{2cm}}$

$11 \times 11 = \underline{\hspace{2cm}}$

$18 \times 18 = \underline{\hspace{2cm}}$

$14 \times 14 = \underline{\hspace{2cm}}$

$5 \times 5 = \underline{\hspace{2cm}}$

$6 \times 6 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$20 \times 20 = \underline{\hspace{2cm}}$

$15 \times 15 = \underline{\hspace{2cm}}$

$16 \times 16 = \underline{\hspace{2cm}}$
